## 2007-08 Twin Cities Campus Tuition<sup>1</sup>

### Tuition rates

University Fee—The University fee helps cover infrastructure and administrative support costs in a wide variety of areas. It is not dedicated to one particular need or to one particular office. This fee is assessed to *all* students and will be prorated as follows:

- \$50.00 per credit for students taking 1-9 credits;
- \$500.00 for students taking 10 credits or more.

Undergraduates (including reciprocity students) who are classified as full time by their college are required to pay the full University fee regardless of their credit load. Students must appeal to their college for an exception to full-time classification.

**Tuition Rates for Undergraduates**—The following per-credit semester tuition rates have been approved for the 2007-08 academic year. Rates do not vary by college of enrollment and are the same for both upper and lower division students. All degree-seeking undergraduates pay a flat tuition rate based on a minimum 13-credit load (and also pay the student services fee and a full technology fee); credits 1-12 are assessed at the per-credit rate listed below only for those students who have been approved for a reduced credit load. Non degree-seeking students are charged per credit for credits 1-12 and a flat tuition rate for 13 or more credits.
